

## I've Been Loved

words and music ©2005 Marius McKee

I've been loved by a good women, and I've been loved by a bad  
I've been loved by a good woman, and I've been loved by a bad  
But you sure are the best lovin' I ever had

I've been loved by one woman, and once I was loved by two  
I've been loved by one woman, and once I was loved by two  
But the best lovin' I ever had baby it was you

I've been loved on a mountaintop I've been loved by the sea  
I've been loved on a mountaintop and I've been loved by the sea  
But the best lovin' I ever had was baby just you and me

I've been loved outside in the fields; I've been loved here indoors  
I've been loved outside in the fields; I've been loved here indoors  
But the best loving I've ever had baby was yours
