

## Let Me Down Blues

words and music ©2005 Marius McKee

I got that long term woman let me down blues  
I got that long term woman let me down blues  
She told me on a Tuesday all the bad news

She said she didn't love me she didn't want me no more  
She said she didn't love me and she didn't want me no more  
She said be out by Friday and she showed me the door

I cried all night till Wednesday with that let me down blues  
Yeah I cried all night till Wednesday with that let me down blues  
I would leave my wife and family, there was nothing I could do

So I'm leaving in the morning, I don't know where I'll go  
Yeah I'm leaving in the morning, I don't know where I'll go  
Cos Thursday is my last day she can't let me down no more

I'll tell my god on Sunday about the let me down blues  
I'll tell my god on Sunday about my let me down blues  
How I was happy until last Monday before the let me down blues
