

You Can't Live Without Her

words and music ©2005 Marius McKee

refrain:

You can't live without her,
I know all about her
You can't live without the girl I love
I know her like I know you,
I know both the two of you
You can't live without the girl I love

I have seen her naked there
And to my mind to my despair
When I look in to her eyes
It's you I see to my surprise

refrain

I have seen her in every way
Just like you do every day
When I look into her face
It's you I see to my disgrace

refrain I have seen her in my bed
My love for her goes through my head
It's a secret I must keep
I dream of her when I'm asleep
