

You Make Me Feel Good

words and music ©2005 Marius McKee

When I get up, when I go to bed, when I'm asleep, when I'm fed
When I'm going, when I'm slow, when I'm stopping to let you go
When I'm cold, when I'm hot, when I've got a little or a lot
When I've got nothing or all I need, when I'm drinkin, smoking, weed

Refrain

You make me feel good
You make me feel good
You make me feel good
You make me feel good

You make me feel good when I'm down, You make me feel good when you're around
You make me feel good when I'm alone, You make me feel good far from home
You make me feel good in the night, You make me feel good in the light
You make me feel good over and over, You make me feel good when I'm sober

Refrain

Anytime, night or day, you make me feel good anyway
I don't need no drugs, when I'm livin on your love

Refrain

When I eat or when I write, when I drink or when I fight
When I'm taxed or when I'm paid, when I'm walkin, when I'm laid
When I'm smiling, when I cry, when I'm drownin, when I'm high
When I'm mad, when I'm sane, you do it again and again

Refrain

When I'm alive, when I'm dead, when I'm reading what I've read
When I'm high, when I'm low, when I say yes or is it no
When I'm thin, or when I'm fat, when I'm round or when I'm flat
When I'm up or even down, when I'm spinnin round and round and a-round

Refrain
